

# blokart Hooked by CL248

*blokart International Limited are using Clamcleat® rope cleats for quick, positive control. Easy to cleat and adjust to the required tension both while sailing and setting up.*

- ✓ Tension can be easily adjusted, to allow the ideal sail shape to be maintained in changing conditions.
- ✓ Easy to lock line once adjusted, preventing rope slip.
- ✓ **6:1** ratio reduces effort required.
- ✓ High pressure diecast marine grade aluminium gives a strong, light weight and corrosion resistant product.
