

CL230 Upgraded and improved

Features:

- Updated, lower profile, with improved tooth technology.
- New, snag free fairlead.
- Completely interchangeable with previous CL230, which will still be available to special order as part numbers CL230-O & CL230AN-O.
- Prices remain the same.
- For through-deck, dinghy trapeze, windsurf harness and kitesurfing use.

Launch Date

From November 2006, we will supply updated CL230 and CL230AN as standard. If you specifically require the old style, order CL230-O or CL230AN-O. We will not be publicising this update, so existing stocks at dealers and boatbuilders will not be affected.

CL230-O

Packaging

CL230/L, CL230AN/L: Box of 50 cleats.

CL230/R, CL230AN/R: 1 cleat on a retail card; 10 cards per box.

CL230(full size)

CL230AN (full size)

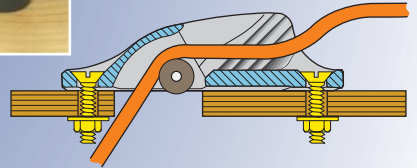

Rigged for Kitesurf brake line tensioning, and windsurfing harness.

Rigged for dinghy trapeze height adjustment, with 5mm rope.

Fairlead guides rope into cleat. Ideal for through-deck use.

CL814/S1

A special version of the Keeper can be fitted to extend the performance for through-deck use.
